

Special Education Grant Funding

The North Olmsted City Schools receives grant funds in accordance with the Individual with Disabilities Education Act (IDEA). These funds are facilitated through the Ohio Department of Education (ODE). The North Olmsted City Schools utilizes these funds to support students with disabilities through additional staffing, instructional materials, and various purchased services. Our team reviews the funds allocated to the district yearly and conducts a review of our overall needs. Funds are then allocated in the above various areas.

These specific grants, *IDEA-B* and *IDEA-Early Childhood*, are discussed when appropriate at district Board of Education meetings. Advance notice of these meetings are provided through our district website and district social media.

Should you have any additional questions regarding these grant funds, please contact *Kesh Boodheshwar, Director of Pupil Services*, at 440-588-5334 or Kesh.Boodheshwar@nolmsted.org.
